2. General Rules of Play

- (1) The team that wins the toss shall have the choice of the Half Court, or the first Raid, and the team that loses the toss shall have the remaining choice.
- (2) The match shall begin with the Raiding Team (decided as per the toss) sending in their Raider to the Defending Team's Half Court (i.e. the Active Half Court).
- (3) Each team shall take turns to Raid against the opposing team.
- (4) A Raider shall continue to Chant "KABADDI" as the approved Chant. The Chant must be audible to the Referees. If the Raider is not keeping the proper approved Chant in the Active Half Court during the Raid, they shall be declared Out and the Defending Team will be awarded a Technical Point with KO and the chance to Raid next. A Pursuit is not allowed in this circumstance.
 - a. A Raider must start the Chant before touching the Active Half Court. If the Chant starts late, the Raider will be declared Out and the opponent will be awarded one point and the chance to Raid.
- (5) A Raid shall end when:
 - a. The Raider Successfully Returns to his Half Court after getting one or more Touches;
 - b. A Successful Tackle takes Place;
 - c. The Raider is declared Out due to a Technical Point (with or without KO);
 - d. At the end of 30 seconds from when the Raider entered the Defending Team's Half Court; or
 - e. Any other situation in which the Raid is caused to end as per these Rules. The Referees may end a Raid in certain exceptional circumstances with reasonable grounds, which may not be envisaged under these Rules.
- (6) Any events that take place after a Raid ends shall not be counted towards that Raid. For example, a Defender stepping out of the Active Half Court into the lobby in the absence of a Touch or a Struggle immediately after the Raider has stepped out of the Active Half Court, will not cause the Defender to be declared Out as the Raid will stand ended when the Raider stepped out.
- (7) After a Raider has returned to their Half Court, the opponent shall send their Raider within 5 seconds (except in the case that a Struggle has taken place). Each side shall continue to send their Raider until the end of the game in this fashion.
 - a. In case the Raider fails to start their Raid within 5 seconds, the team loses the chance to Raid and the opponent team is awarded a Technical Point without KO.
 - b. In case there is a Struggle during the Raid, the Opponent shall send their Raider within 5 seconds after the Referee's whistle to restart play.
 - c. A Pursuit shall not be permitted if a Struggle takes place. A Pursuit is only permitted when there is a Touch point without a Struggle or an Empty Raid.
 - i. Whether there has been a Struggle or not, which would decide whether a Pursuit is permissible, shall be decided by the Referee.

- ii. In case a Raider attempts a Pursuit that was not permissible under the Rules, the Referee shall allow the Raider to return to his Half Court and start the Raid again.
- (8) In the second half, the teams will swap Half Courts. The team that did not Raid first in the first half will Raid first in the second half. The game in the second half shall continue with the same number of players on the field of play as at the end of the first half.
- (9) The team with more points at the end of the match shall be declared the winner of the match.
- (10) The last Raid of each half of the match shall be allowed to be completed (with the normal 30 second time limit) even after completion of the scheduled time as long as the Raid starts prior to the end of the half.
- (11) All players playing shall ensure that they are not wearing any ornament or any item on their body which could lead to a potential injury to themselves or any of the opponents. Nails should also be trimmed short.
- (12) Application of oil or any other substance to grease the body shall not be allowed.
- (13) Shoes are compulsory when the match is played on a matted surface. The shoes must be thin-soled so as to not cause any damage to the mats and reduce any chances of injury to others.

(14) Normal Gameplay

 - A. The Referee shall award the bonus point after completion of such Raid by showing a thumbs-up.

- iii. If the Raider, BEFORE or WHILE crossing the Bonus Line, Touches a Defender or is Tackled, no Bonus Point shall be awarded to the Raider.
 - iv. If the Raider, after Crossing the Bonus Line, Touches one or more Defenders and then Successfully Returns, he will get the number of points scored for the Touches in addition to the Bonus Point for Successfully Crossing the Bonus Line.
 - v. There shall be no revival of a player for a Bonus Point.
 - vi. If one or more Defenders are suspended temporarily or disqualified from the match or for a Raid, then the Defending Team will play with fewer players. However, such players will be assumed to be part of the Defending Team for the purposes of Bonus Points.
- c. Tackle Points
- i. If one or more Defenders Successfully Tackle the Raider during the Raid, they shall be awarded a Tackle Point.
 - A. In the case of a Super Tackle, the Defending Team shall be awarded an extra point.

 - B. Use violent or excessive force which endangers the safety of the Raider; or
 - C. Use any other unfair means of Tackling such as pulling the Raider's hair or clothes.

- d. All-Out
- i. When all the players in a team are eliminated, the opponent team shall score an All-Out which confers two additional points to the team opposing the eliminated team.
 - A. The eliminated team will be revived completely and must re-enter the Court within 10 seconds. At the Referee's discretion, a Technical Point without KO may be awarded to the opponent's team if there are significant delays with this process.
- e. Time-Outs

- i. Each Team shall be allowed to take Time-Outs as per the rules of that specific match / tournament. Such Time-Out shall be called for by the Captain with the permission of the Referee. During the time out, the match clock will be paused and will restart on the commencement of the next Raid, which has to start on the blow of the whistle by the Referee.
 - ii. During the Time-Out, the players on the Court shall not leave the Court. In case of any violation a Technical Point with KO shall be awarded to the opponent team.
 - iii. An Official Time-Out can be called for by the Referee in the event of any injury to a player, interruption by outsiders, re-lining of the ground, or any such unforeseen circumstances. Match clock will be paused and will restart on the commencement of the next Raid, which has to start on the blow of the whistle by the Referee.
- f. Substitutions
- i. Teams may be allowed substitutes, the number of which would depend on the match rules.
 - ii. Substitutions shall take place with the permission of the Referee. If a player being substituted out is Out / KO'd / eliminated, the player being substituted in will remain Out until revived.
 - iii. Players substituted out can be substituted back in, if the match rules permit.
 - iv. If any player is suspended, eliminated, knocked-out or disqualified (temporarily or permanently) from the match, he may not be substituted in until he is revived or the disqualification ends. The team will play with fewer players if needed.
- g. Order of revival
- i. Players eliminated must be revived in the same order that they were eliminated in. This means that the players eliminated first must be revived first and the players eliminated last must be revived last. An eliminated / KO'd player cannot be substituted in - they can only be revived or re-enter in case of an All-Out.
- h. Do-or-Die Raid
- i. After a team's second consecutive Empty Raid, the third Raid is a Do-or-Die Raid - where the Raider MUST score a point otherwise the Raider is declared Out.

(15) Tie-Breaker

- a. A Tie-Breaker takes place in case a match ends with both teams on equal points and a winner needs to be determined, for example, in the case of a knockout match in a tournament.
- b. In case of a Tie-Breaker, the following number of Raids will take place for each team, depending on how long the match was:
 - i. If the match was less than 20 minutes long, each team shall Raid 3 times.

- ii. If the match was 20 minutes or longer, each team shall Raid 5 times.

 - B. Each team shall send a unique Raider for every Sudden-Death Raid beginning with the Players that have not yet Raided in the Tie-Breaker.
 - C. In the case that all 7 players have Raided once over the course of the Tie-Breaker and Sudden-Death, Players can then raid for the second time. The Raiding order shall remain the same.
 - D. The winner of the Sudden-Death shall be declared the winner of the match.

3. Technical Points

- (2) Leaving the Active Half Court
 - a. A player shall be declared Out if any part of their body touches outside the Active Half Court during a Raid. This means that:

 - A. In such a case, the Raid shall end if the Raider has gone Out and one Technical Point with KO shall be awarded to the Defending Team.
 - B. If one or more Defenders go out in this manner during a Raid, they shall leave the Court during the Raid without taking part in any subsequent events during the Raid. No whistle shall be blown when the defender goes Out and the Raid shall continue.

 - A. Any player (Raider or Defender) whose body completely goes outside the Active Half Court (with no contact with the Active Half Court - which includes the Lobby) shall be declared Out.
 - B. If one or more Defenders cross the Midline (and not just touch it), after a Touch or Struggle takes place, whilst not actively involved in the Struggle or Tackle, then the Defender shall be declared Out. They shall leave the Court during the Raid without taking part in any subsequent events during the Raid. No whistle shall be blown when the defender goes Out and the Raid shall continue.
 - C. If one or more Defenders cross the Midline (and not just touch it), after a Touch or Struggle takes place, whilst actively involved in the Struggle or Tackle, thereby, preventing the Raider from Returning, the Raider will be safe. Only the Defenders who have gone out of bounds will be declared Out and the Raiding Team will receive points for as many Defenders that crossed the Midline or went out of bounds.
- (3) Multiple Raiders entering the Active Half Court

- a. Not more than one Raider shall enter the Active Half Court during a Raid. If more than one Raider enters the Active Half Half Court at a time
 - i. If there has been no Touch, Tackle or Struggle yet, the first Raider goes back to their Half Court and for any following Raiders that entered the opponent's Half Court Technical Points without KO (for each such Raider) will be awarded to the opponent. The Raiding Team will Raid next.
 - ii. If a Touch, Tackle or Struggle has already been initiated, the first Raider along with any subsequent Raiders from the Raiding Team that enter the Active Half Court shall be declared Out and the Defending Team shall be awarded Technical Points with KO for each such Raider.

(4) Raiding Team communicating with Raider during ongoing Raid
